Located among the midst rolling hills and grasslands between the Bradshaw and Mingus Mountains, lies one of the newest and friendliest communities in Arizona. Situated about two hours by car north of Phoenix, Prescott Valley (Incorporated in 1978) offers many opportunities for it's size in a generally mild four season climate.

The Town Center in citizen friendly Prescott Valley offers many amenities, such as the Harkins 14 Screen Luxury Cineplex, located within the Prescott Valley Entertainment Center. Numerous restaurants have joined the theater in making this a great place for an evening out on the town. With the lower sales tax in Prescott Valley of 9.18%, businesses are thriving. Future and existing subdivisions offer housing, golf courses and retail outlets.

Excellent healthcare is available at the Prescott Valley branch of the Yavapai Regional Medical Center, the YRMC Outpatient Center, and the Mountain Valley Rehabilitation Hospital. Many quality businesses have also established operations in the area and provide a solid job base for the growing community. Prescott Valley’s business climate is one of the best in Northern Arizona and is well supported by the community. This area is rich in cultural attractions, with several nearby museums and art galleries, plus live theater. Award winning parks host fun filled community events. Numerous recreational activities are also available on the nearby lakes, golf courses, and the national forest.
Prescott Valley is located in north, central Arizona at an elevation of about 5,100 ft. It offers a relatively moderate, very enjoyable, four season climate. The surrounding terrain consists of grasslands, pinon and juniper plants, hills interspersed with boulder formations, and rugged canyons. Several small lakes and streams are also found nearby. Aspen, cottonwood, oak and maple trees grow along with one of the nation’s largest contiguous forest of Ponderosa pines.

The relatively short winter season in Prescott Valley has an occasional snowstorm, and the snowfall typically melts after a few hours of sunshine. Spring can be quite variable, alternating between sunshine and rain in a very short period of time, all the while producing beautiful color and freshness. Summers are usually warm and sunny, with occasional rain showers. Daytime mountain breezes keep the area from reaching the scorching high temperatures of the lower lying desert areas located in Arizona. Summer evenings often produce spectacular sunsets and a refreshing coolness to end the day.

Fall typically arrives with a wide range of colors. The variation of foliage color changes with the shorter but still pleasant days, with temperatures generally staying in the 60’s to low 70’s. Each season is pleasant, but with enough variation to make the weather interesting; highs in the summer rarely get above the 80s to 90s and lows in the winter are rarely below the 10s to 20s. Prescott Valley residents enjoy sunshine about 300 days a year!

Housing
Prescott Valley homes have an average listing price of about $259,000. Buying a home in Prescott Valley is less expensive than renting after about 12 years at the current rates. With the development of new homes, a well planned downtown business district, as well as beautiful parks and quality schools, this is the place to be! All construction is subject to high standards of quality, mandated by state and local codes. Several subdivisions offer single and multi-family residences in tract-like settings, subject to strict visual standards, providing a style of living preferred by many. At the same time, relatively inexpensive land and housing is available within a relatively short commuting distance to many quad-city employers.
Housing & Shopping

Of the many residences located in Prescott Valley, a high percentage are owner occupied. Notably, housing in Prescott Valley tends to be newer than in many towns, and well maintained.

Shopping

Several outdoor shopping malls are located throughout Prescott Valley, offering a variety of retail shopping, services and restaurants. Prescott Valley’s Entertainment District is at the heart of entertainment, retail shopping and dining with Harkin’s 14 movie theaters, Freedom Station’s games, miniature golfing, etc., a variety of stores, including Kohl’s and Walmart, plus several good restaurants. The area’s largest shopping mall, Prescott Gateway Mall, is located in Prescott, about 10 minutes from Prescott Valley. Dillard’s, JC Penney, Sears, Bed Bath and Beyond and Old World Market are just a few of the many stores found there. Downtown Prescott is about a 15-minute drive from Prescott Valley, offering a multitude of unique shopping experiences there.
The local Police Department has six districts with separate Corporal officers in charge of each area to ensure accountability for the security of Prescott Valley. They patrol the area 24 hours a day employing the use of K-9 units, 6 patrol cars, special weapons and tactical team, etc., keeping the crime rate consistently lower than the National Average. They support Block Watch, Business Watch, National Night Out, PV Police Foundation, Volunteer in Policing (VIP), School Resource Officer Unit (SRO), and Watch Your Car programs to increase community involvement and keep everyone safer.

The Central Yavapai Fire District is fully staffed with professional personnel to protect the residents in Prescott Valley and has a fully equipped fire station in the town ensuring quick response to emergencies.

At the heart of this master-planned community is the Town Center, the result of about 20 years of planning and public/private partnering. There is a state of the art Civic Center Town Hall, multi-level library, courthouse, office/R.D. complex and planned residential community consisting of multi-dwelling housing, condos, townhomes and parks which will be compatible in design. It will be linked by pedestrian friendly streets and well landscaped sidewalks. In addition to a full service hospital and medical offices, senior housing and assisted living centers are located near the downtown area.

The Prescott Valley Entertainment District in the Prescott Valley Town Center is the heart of entertainment and dining in the area. It features the Harkins 14-screen stadium style Cineplex, 30,000 sq. ft. of restaurant/food court, 20,000 sq. ft. of high profile mixed use retail and 40,000 sq. ft. of office space in two main buildings. The nearby Prescott Valley Events Center, formerly Tim’s Toyota Center, hosts many exciting events each year, including the Yavapai County Fair, business expo’s, sporting events, and excellent concerts.

The Yavapai Regional Hospital East, located in Prescott Valley, supports the community with good jobs, community events and superb medical care.
New stores that have been added in the last few years including Walmart, Sprouts, TJ Maxx and Tractor Supply Company have been thriving. Businesses such as Hobby Lobby, Ace Hardware Distribution Center, Lockheed Martin, M&I Home Products, Superior Industries, Prescott Aerospace, Printpak, Inc and many others have made Prescott Valley their home due to their favorable business climate.

There are many great parks and recreational opportunities in the town including aquatics, arts, cultural and special events, ice skating and hockey, golf, biking and hiking trails, soccer, baseball, and basketball. With an abundance of great weather, PV is a great place for outdoor recreation.

Dewey-Humboldt

The Town of Dewey-Humboldt was incorporated effective December 20, 2004 after a successful drive for incorporation that began several years earlier. Voters passed the initiative creating the Town with 72 percent voting in favor. The initiative defined the actual Town limits and the name – Dewey-Humboldt.

Dewey and Humboldt represented two distinct communities during the last 100 + years with Dewey providing an agricultural and ranching economy while the Humboldt area had an economy based largely in mining.

As the Town of Prescott Valley continued to grow since its founding in the mid 1960’s, the people within the Dewey and Humboldt areas became concerned that Prescott Valley’s growth and annexation strategy might continue along Highway 69, which could ultimately jeopardize the very low density, rural setting of the area. In response, many people became involved in leading the drive for incorporation. During this process, it also became clear to some that incorporation would allow the new town to have more control over how their tax dollars are spent within the town than would otherwise be the case if it remained unincorporated.

The Yavapai County Board of Supervisors appointed the Town’s first Council and the first Council election was held on September 13, 2005. The Council is committed to maintaining the rural setting of the area (residential lot sizes are typically greater than 1/2 acre, with most areas 1.6 acres or greater). The 2010 census showed a population of 3,894 residents. The town motto is “Arizona’s Country Town.” Source: Town of Dewey-Humboldt

Arizona State Taxes

The Corporate Income Tax in Arizona is 6.98% percent or $50.00, whichever is greater. Average property tax rates in Arizona are 0.84% of the property’s value which makes the rate charged 18th out of the 50 states average rates charged, just higher than CA. at 0.81%. Yavapai County collects an average property tax of around 0.73% of a property’s assessed value, making it’s rate 1,107th of 3,143 U.S. county tax rates. The median property tax paid in Yavapai county is around $1,246 per year. The average yearly property tax paid by Yavapai County residents amounts to about 2.6% of their yearly income. Yavapai County is ranked 910th of the 3143 counties for property taxes as a percentage of median income. From tax-rates.org

Sales Tax

- Arizona has a general sales tax of 5.6%
- Yavapai County has a .75% sales tax
- Prescott Valley has 2.83% sales tax

Total Sales Tax Charged in Prescott Valley: 9.18%

Arizona Driver’s License and Motor Vehicle Fees

Driver’s license for car or motorcycle operation fees are:

- Age: 16-39: $25.00, Age 40-44: $20.00, Age 45-49: $15.00, Age 50 and older and 5 year license: $10.00, limited license: $10.00. An ID card from the AZ Motor Vehicles Department is $12.00 for Ages 0-64, no fee for those 65 and over. Duplicate license or ID card fee: $12.00.

Vehicle registration fees include a $4.50, $8.00, or $9.00 registration fee (depending on the type of vehicle); an air quality fee of $1.50; an air quality compliance fee of .25 (depending on the location the vehicle is being operated in); and a vehicle license tax (VLT) assessed in place of a personal property tax charged by other states. The VLT is based on an assessed value of 60% of the manufacturer’s base retail price reduced by 16.25% for each year since the vehicle was first registered (15% before 8/1/98). Then, as of the Dec 1, 2000 reduction, the rate is calculated as 2.80 (new vehicles)/2.89 (used vehicles) for each $100 of the assessed value.

For example, for a new vehicle that costs $25,000, and is registered for two years, the first year assessed value would be $15,000 and the VLT would be $420.00. The second year the assessed value would be $12,562.50 and the VLT would be $363.06. Other fees may apply when a vehicle is registered commercially. From: www.servicearizona.com

Yavapai Regional Medical Center
Proudly Caring for Western Yavapai County

Highly skilled physicians, dedicated employees and an extensive team of compassionate volunteers have earned Yavapai Regional Medical Center (YRMC) a reputation for being one of the finest healthcare providers in the country. YRMC was recently recognized as a Top 10 Hospital nationally for safe surgery and was honored in 2015 by U.S. News and World Report as one of the best in the nation for orthopaedic surgery.

Guided by values-based leadership, YRMC makes a significant investment in the communities it serves by adding new healing space and advanced technology to support a growing list of patient-focused services at two state-of-the-art hospitals. YRMC’s healing network includes a 72-bed acute care hospital in Prescott Valley (YRMC East), a 135-bed acute care hospital in Prescott (YRMC West), extensive outpatient services, and a growing network of outpatient clinics that features Breast Surgery, Cardiology, Endocrinology, Electrophysiology, Family Medicine, Gastroenterology, Internal Medicine, Neurology, Neurosurgery, Palliative Care, Pediatrics, and Physiatry.

YRMC is also deeply committed to health education and wellness. Prime examples of this commitment are the Pendleton Centers for Education and Wellness Programs, an extensive array of healthcare resources and events provided free of charge to the community, and programs like HealthTeacher that provide local educators with free educational material for children and youth in our community. When you visit Prescott Valley, Arizona, dentist Matthew Bergman and his team are committed to the motto, "We treat you better." They are dedicated to providing you with personalized, quality dental care in an understanding and comfortable environment.

When you visit PV Dentistry, you will experience all that modern dentistry has to offer, including a comprehensive list of general, restorative, and cosmetic dental services that meet the needs of the entire family. Our goal is to assist each patient in achieving and maintaining long term dental health and a beautiful smile. Some of the services we provide include: new patient exams, digital x-rays, composite fillings, crowns, dental implants, cosmetic dentistry, extractions and root canals. Should a dental emergency occur, we make every effort to see and care for you as soon as possible.

As a practice, we are true believers that preventative care and education are the keys to optimal dental health. We strive to provide dental health care and not only disease care.

That’s why we focus on thorough exams – checking the overall health of your teeth and gums, performing oral cancer exams, and taking x-rays when necessary.

We also know that routine cleanings, flossing, sealants, and fluoride are all helpful in preventing dental disease. Not only are we focused on the beauty of your smile, we’re also concerned about your systemic health. A review of your medical history can help us stay informed of your overall health, any new medications, and any illnesses that may impact your dental health and vice versa.

Infection control in our office is also very important to us. To protect our patients and ourselves, we strictly maintain sterilization and cross contamination prevention protocols using standards recommended by the American Dental Association (ADA).

Thousands of acres of public land near Prescott Valley provide residents with some of our nation’s most beautiful natural areas. The Bradshaw Mountains southeast of Prescott and the grasslands of the Chino and Prescott Valley offer magnificent vistas. The Prescott National Forest with one of the world’s largest stand of Ponderosa Pine, provides 1.2 million acres for a variety of outdoor recreation including boating, fishing, horseback riding, hiking or cycling. Watson Lake, Willow Lake, Goldwater Lake, Granite Basin Lake and Lynx Lake provide water recreation opportunities within 15 miles of downtown Prescott Valley. There are over 20 recreational facilities in the Prescott National Forest including an equestrian facility for campers with horses.

The Bradshaw Mountains southeast of Prescott and the grasslands of the Chino and Prescott Valleys provide magnificent vistas.

This area is well known throughout the nation for its rock climbing opportunities. Granite Mountain at 7,626 ft. provides some of the most challenging climbing anywhere in the country. For gentler climbing the beautiful Granite Dells along Hwy. 89 provide exciting opportunities as well. For more serious hiking and backpacking, the trails in nearby Sycamore Canyon Wilderness area offers rugged breathtaking natural beauty and photo opportunities for wildlife such as elk, deer, mountain lion and a variety of birds.

Prescott Valley Event Center (Formerly Tim’s Toyota Center) is a 5,100-seat multi-purpose arena located at 3201 North Main Street in Prescott Valley, Arizona. Built in 2006, the arena hosts concerts, the Yavapai County fair, sporting events, business expos, ice skating and many other special events for the community. The venue has also hosted several well-known bands such as Chicago, Godsmack, Breaking Benjamin, Three Doors Down, and ZZ Top. The arena seats up to about 6,200 for concerts. The facility can also host boxing, basketball, rodeo, ice shows, and theatrical productions, plus banquets, weddings, and fundraising events.

The only arena of its size between Las Vegas and Phoenix, other than the Walkup Skydome in Flagstaff, it is Northern Arizona’s premier sports and entertainment venue. Among its amenities are 22 luxury suites, 2 party suites and parking for about 2,400 cars.

Sharlot Hall Museum
Located in Downtown Prescott, the Sharlot Hall Museum was founded in 1927 by Sharlot Mabridth Hall, poet, historian, and independent thinker, whose passion to preserve the Territorial Governor’s Mansion has led to the development of the complete Museum campus you find here today. The Museum’s buildings form an architectural sequence spanning the years from the founding of Prescott in 1864 to the present. The exhibits and the Museum’s collections of artifacts (clothing, tools, vehicles, weapons), photographs, documents, and buildings tell the stories of those who settled Arizona and the West, of the Native Americans who preceded them, and of the area’s rich natural environment.

Completed in 1979, the Museum Center is the hub around which Museum activities revolve. In the lobby you’ll find an exhibit about the founder of the Museum, Sharlot M. Hall.
The Governors Mansion was built on this site in 1864 from Ponderosa pine logs cut nearby. It housed the first Territorial Governor, John Goodwin, and his staff. Large and well built, it is called a “mansion” in comparison to the tents, wagons, and crude cabins that were homes for the rest of Prescott’s new citizens in 1864. In 1927 Sharlot M. Hall moved into the Governor’s Mansion and opened it as a museum.
The Bashford House (Gift Shop and Museum), is an excellent example of Prescott’s Victorian architecture, the height of housing fashion for the thirty years before statehood. The Bashford House was built in 1877.
Fort Misery is the oldest log building associated with the Territory of Arizona. It was built on the banks of Granite Creek (two blocks south of the Museum) in 1863-64. Sharlot Hall had it disassembled in 1934 and reassembled on the Museum grounds.
The Fremont House, built in 1875, served as the home of the fifth territorial governor of Arizona (1878-1881). The sophisticated construction of this house reflects the rapid growth of Prescott during the ten years after 1864.

(928) 445-3122 | www.sharlot.org

Smoki Museum
The museum was built in about 1935 from native wood and stone, to resemble an Indian pueblo. It was constructed with labor provided by the Civilian Works Administration and the Smoki People. The Smoki People were a group of Prescott citizens organized in 1921 and dedicated to the perpetuation of American Indian ceremonies and dances.
The Museum houses irreplaceable collections of prehistoric and contemporary pottery, prehistoric jewelry and stone artifacts. The Smoki Museum exhibits also include an outstanding collection of Southwest basketry and kachinas. Among the Museum’s many valued collections are artist Kate Cory’s numerous photographs, paintings and documents.
The Smoki Museum welcomes school groups, civic organizations and travel groups. The facilities are available for classes. A comprehensive library of books on American Indian archaeology and ethnography are available for research. The Museum Trading Post offers affordable arts and crafts created by Native North and South Americans, as well as several Southwest publications. Located off of Gurley on 147 N. Arizona St., Prescott.
There are a variety of cultural events open to the public during the year such as the annual Day of the Dead celebration every October. Non-member adult admission is $7.00. (928) 445-1230 | www.smokimuseum.org

The Phippen Museum
The Phippen Museum of Western Art is located on five acres of land alongside Highway 89 and resembles a rustic ranch house from the days of old. The museum contains an outstanding collection of historic art and artifacts by prominent Western Artists, together with contemporary art depicting the American West by a variety of well-known artists. The extensive permanent collection typically includes work by Solon Borglum, Ray Swanson, the Western Heritage Gallery, and George Phippen. Opened in 1984, the Museum is an educational, non-profit institution dedicated to excellence in exhibitions and educational programming. Changing exhibits are featured on a regular schedule. (928) 778-1385 | www.phippenartmuseum.org

Arcosanti
In 1970, the Cosanti Foundation began building Arcosanti, an experimental town about 65 miles north of Phoenix. When complete, Arcosanti will house about 5,000 people, employing methods to improve urban conditions and lessen our negative impact on the environment. Its large, compact structures and large-scale solar greenhouses will occupy about 25 acres of a 4,060 acre land preserve, keeping the natural countryside in close proximity to urban dwellers.

The residents of Arcosanti are workshop alumni, who work in many areas associated with Arcosanti, which includes planning, construction, agriculture, and maintenance. They also produce the world-famous Soleri Bells, as well as hosting about 50,000 tourists each year in a Gallery, Bakery, and Café, open every day except Thanksgiving, Christmas, and New Years Day. Guided tours are available that introduce visitors to the philosophy, history, planning and ongoing construction of the site. (928) 632-7135 | www.arcosanti.org

Bagdad
The small mining town of Bagdad sits on Bridle Creek in the rugged Aquarius Mountains, approximately 60 miles west of Prescott at an elevation of about 4,101 feet. In 1882 copper ore was discovered in the area. The Cyprus Bagdad Copper Mine still operates today.

One should never confuse the spelling of Bagdad with that of Baghdad Iraq. The name supposedly comes from the first miners in the area, a father-son team. Together they hauled the ore out in bags filled by the son and aided by the dad. When the son had a bag filled he would yell, “bag Dad”. Hence the name “Bagdad”. www.bagdadaztown.com

Hassayampa River Preserve
A special piece of Arizona’s natural environment is being protected and restored at the Hassayampa River Preserve near Wickenburg. After more than a quarter-century as a Nature Conservancy preserve, the preserve will have a new partner and part-owner. This new chapter for Hassayampa River Preserve is through a partnership between the Conservancy and Maricopa County’s Parks and Recreation Department.

For most of its 100-mile course through the desert, the Hassayampa River flows only underground. But within the preserve its crystal clear waters emerge, flowing above ground throughout the year. The lush stream side habitat of the Hassayampa is home to some of the desert’s most spectacular wildlife and is near Wickenburg. Over 280 species of birds have been spotted at this beautiful site. Admission is a donation of $5.00, children under 12 free. 49614 U.S. Highway 60/89, Wickenburg (928) 684-2772

Jerome
Jerome, sometimes nicknamed “The City in the Sky,” is situated a short drive east on Highway 89A at an elevation of about 5,435’. As the most talked about mining camp in America, it was a roaring, violent town, called the most wicked city in America at one time. Three prospectors staked claims on rich copper deposits in 1876, which they later sold to the United Verde Copper Company in 1883. Eugene Jerome was the venture’s principal backer. A new owner, W.M. Clark, brought in a narrow gauge railroad to reduce freight costs. By the early 20th century, the United Verde was the largest producing copper mine in the Arizona Territory. In 1912, James S. Douglas purchased and developed the Little Daisy Mine. Copper production peaked in 1929 and the population was 15,000. Loss of profits brought Jerome mining days to an end in 1953. By 1965, Jerome’s population was less than 100, giving it the title of a “ghost” town. It is now a veritable paradise for artists, photographers and history buffs with many beautiful art galleries interspersed among the old Western, historic buildings. The views from this little old town are superb and well worth the trip. www.azjerome.com
Day Trips Continued

Mayer Area
A short distance from Prescott Valley lies the intriguing communities of Mayer, Spring Valley, and Cordes Lakes at elevations ranging from about 3,700’ - 4,415’. Each is unique, although part of the harmony of open space, four-season climate, clean air and Western individuality. This is the geographical center of the state, but friendly people, opportunity and a lingering spirit of Old West adventure all make it the Heart of Arizona. The Gold Mountain Mining Co. in Mayer is an interesting ghost town. Remnants of the Big Bug Mine can be seen on the Big Bug Creek - named for the size of the insects sometimes found there.

Montezuma Castle
Sinagua farmers began building this five-story, 20-room dwelling early in the 12th century. Montezuma Castle stands in a cliff recess a hundred feet above the valley in the Camp Verde area. Early settlers marveled at the structure and thought mistakenly that it was Aztec in origin. A short distance west is Castle A, once an imposing six-story apartment with about 45 rooms. Montezuma's Castle is an amazing National Monument to visit with fascinating exhibits at the Visitor Center. Entrance fees are normally $5.00 for adults 16 and up and free for children under 16. (928) 567-3322

Montezuma Well
Montezuma Well features a lake with lush vegetation in the middle of the desert located in the Camp Verde area. The well is a limestone sink formed long ago by the collapse of an immense underground cavern. The springs that feed it flow continuously. Both the Hohokam and Sinagua irrigated crops with its waters. Traces of their irrigation ditches, thickly coated with lime, can be seen. The Hohokam pithouse was built about 1100 AD.

The Sinaguan dwellings here vary in size from large pueblos of 55 rooms to one-room houses.

Robson’s Mining World
Visit one of the oldest, best preserved mining towns in Arizona. Western Destinations opens this historic destination near Wickenburg, AZ from October through May each year, offering pistol shooting, cattle drives, gold panning, horseback riding and many other authentic cowboy activities. There are also ancient Yavapai Apache petroglyphs, stunning vista views and a huge Saguaro cactus forest to see. (623) 374-5245

Sedona/Oak Creek Canyon
Situated in the heart of a strikingly beautiful geological area that has mesmerized visitors for years, the unique community of Sedona is surrounded by massive crimson and buff sandstone monoliths standing in artistic contrast with the pinon, juniper and cypress trees. Add to this the spectacular Oak Creek Canyon Rd. leading north and climbing 12 miles, each turn more breathtaking than the last with lush vegetation, craggy canyons, sycamores, oak and cottonwood. The views from the many trails in the area are truly spectacular.

The Grand Canyon
The Grand Canyon, located in the state of Arizona, is considered by some to be one of the seven wonders of the world, due to its sensational decorative colors and majestic natural beauty. It measures about 18 miles wide (29 km), 277 miles (446 km) long, and a mile (1.6 km) deep. The area is encompassed by over one million acres (or over 1,900 square miles). To put it into perspective, the island of Manhattan which is nearly 34 square miles would be able to fit in the Grand Canyon Park nearly 58 times. The Park has three main sections, the South Rim, North Rim, and the Inner Canyon.

www.grandcanyon.com

Complementing the magnificence of these natural creations is the delightfully charming Arts and Crafts Village of “Tlaquepaque,” situated in the heart of Sedona. Meaning “the best of everything,” Tlaquepaque is truly a fitting name for this Spanish Colonial Village. Displays by several renowned Arizona artisans, intriguing one-of-a-kind shops, fine restaurants, sunny flower-filled courtyards, graceful old sycamores, colorful tiles, fountains, carillons and many great cultural events combine to create an unforgettable ambiance. www.visitsedona.com

Tuzigoot
Tuzigoot, which is Apache for “crooked water,” is the remnant of a Sinaguan village built between 1125 and 1400. It crowns the summit of a long ridge that rises 120 feet above the Verde Valley.

The original pueblo was two stories high in places and had 77 ground-floor rooms. There were few exterior doors; entry was by way of ladders through openings in the roofs. The village began as a small cluster of rooms that were inhabited by about 50 persons for a hundred years. In the 1200’s the population doubled and doubled again as refugee farmers, fleeing drought in outlying areas settled here.

Wickenburg
The Desert Caballeros Western Museum: A well liked, highly rated, extraordinary museum located in the town of Wickenburg. The museum typically offers the following exhibits:

- **American Indian Art:** The museum houses a nice collection of American Indian artifacts and artwork materials that portray the arts, crafts, and lives of those who came before us. Authentic beadwork, leatherwork, ceramics, basketry, and other Indian relics are typically on display.
- **Out on the Ranch:** The Ranch exhibit presents a typical, small-scale family ranch, around the turn-of-the-last-century to about 1920, promoting public and scholarly interest in Arizona’s ranching heritage. The exhibit portrays the daily work and family dynamics of a small ranch of late territorial and early statehood Arizona. This touchable exhibits also depicts the means ranch folks used to work closely with the land, to coexist with and live in the austere Sonoran Desert.
- **Early Arizona Street Scene and Period Rooms:** Complete with a saloon, watch shop, livery stable, gun shop, post office, barbershop, and general store, the street scene recreates commercial life in Wickenburg in the early 1900’s.
- **Historical Dioramas:** The discovery of gold, working conditions in area mines, ranch life, the arrival of the railroad, the development of a dude ranch paradise, and the construction of the first paved highway from Wickenburg to Phoenix. See the historic events and episodes that helped shape the development of modern day Wickenburg.

Art at the Center
The Prescott Valley Arts and Culture Commission has an annual Art at the Center public art program. In their selection of outstanding sculptures, you will see a variety of media and approaches to form created by a variety of artisans from around the US. The goal of the program is two-fold. First and foremost, enhance and expand the community’s exposure to the arts. Second, market the artist’s work with the understanding that each visiting piece on display is for sale, and that a portion of their sale proceeds will further the operation of the program. Enjoy this fabulous experience of interacting with these varied displays as you wander the grounds of the Civic Center. Take your time; they each have a special story to tell if you are attentive. These sculptures, on loan from the artists, will be on exhibit on the grounds of the Civic Center for one year until a new set arrives each and every spring. The Prescott Valley Civic Center also offers a variety of classes and events, including ballet, martial arts, 50+ aerobics, jazz, dance fitness classes, and zumba. There are also adult sports leagues available for basketball and volleyball. For the complete schedule and info about these events go to www.pvaz.net.

Prescott Valley Library
In 2008, the Town of Prescott Valley, in partnership with Yavapai College, broke ground on a new 51,500 square foot building adjacent to the Civic Center. This new asset to the community includes the Prescott Valley Public Library, classrooms for Northern Arizona University, and an auditorium for Prescott Valley Town Council Meetings and other events.

The Prescott Valley Public Library is part of the Yavapai Library Network. As a member of the network, the patrons of Prescott Valley Public Library have access to over 1,000,000 titles within Yavapai County. Patrons of the Library can request any of the titles and, if available, have them delivered to the Prescott Valley Public Library. If an item is not available in Yavapai County, a patron can request the item from a library elsewhere in the country, with the assistance of Library staff.

The Prescott Valley library also offers many classes such as computer classes, story times, knitting, sign language workshops, job hunting help, and a variety of community events. Call (928) 759-3040 or visit www.pvaz.net for additional information.

The Public Art Exhibition program allows artists, via a review process, to display their two and three dimensional artwork at the library for 30 to 60 day periods. The Town of Prescott Valley selects exhibits from approved artwork that reflects the history, artistic, cultural and natural beauty of this region. 7401 E. 10 MILLION YEARS AGO
Glassford Hill was an active volcano

800’S
Colonel William A. Glassford traveled the area and helped form a sophisticated system of 27 heliograph stations to monitor the movements of Apache Indians, U.S. military troops and civilians. Glassford Hill was a part of that early communications system

1863
The Walker party discovered gold along Lynx Creek

1880’s
Prescott Valley, formerly known as Lonesome Valley, was settled by ranchers raising beef to supply the miners and new settlers. The Fain family, pioneer ranchers, still ranch in the valley

1874
William Marion Fain and his young wife built a homestead along the Verde River

1890’s
Thomas Gibson Bartow-Massicks built the “castle” that still sits in Fain Park. He built a small town from scratch. The fireplace with chimney just inside the Castle’s fence is all that remains of the Massicks store

1930’s
There was a gold dredging operation, the Doodle Bug Diggings in Lynx Creek Canyon

1966
I-17 from Phoenix and Highway 69 into Prescott were built. Prescott Valley Incorporated (a real estate company) bought a portion of the Fain Ranch in an area 10 miles east of Prescott known as Lonesome Valley.

The Prescott Valley Motel was built to house potential buyers who were lured to the area by Prescott Valley Inc.

1978
On August 22 the more than 1500 residents voted to incorporate as the town of Prescott Valley

1979
The first general election was held in May. Richard Addis was elected as the first mayor and Marilyn Horne as Vice Mayor

1989
On December 3 Bill Fain donated 20 acres to Prescott Valley for a town hall complex

1993
One new family moves into a Prescott Valley single residence per day

1999
On May 13 the new Civic Center was opened

Arizona’s Best Kept Secret!

ATI Properties Proudly Presents
Affordable Homes at Great Prices

An “Age 55+ Active Community” located in the beautiful Prescott area in the shadow of the Bradshaw and Mingus Mountain ranges. Combining a comfortable high desert climate with mild winter temperatures makes Orchard Ranch an ideal year-round resort. Along with the wide variety of Prescott area interest and activities. Orchard Ranch offers a range of on-site activities.

Our guests enjoy the shaded sites, heated salt water pool and spa, two pickleball courts, bocce ball, billiard room, quilting, stain glass and art studio, ceramics, horseshoes, shuffleboard, library, fitness room, social hall and planned group activities to name a few. There are two major hospitals and a VA hospital within 10 miles.

You can pick your lifestyle, whether you just want to get away from it all, or join in and take part in the resort amenities and activities. Come enjoy a summer retreat or a year-round home.
